EXAMINER'S AMENDMENT

The application has been amended as follows:

Authorization for this examiner's amendment was given in a telephone interview with Barry Sammons on April 14, 2006.

In claim 1:

Lines 1-3, has been changed to read "A mast for a lift truck comprises: a base section having a pair of spaced, upright base rail members attached to and disposed forward of a lift truck operators compartment";

Line 10, --completely-- has been inserted after "disposed".

In claim 11:

Line 7, "and" has been deleted.

Line 12, the period has been deleted, and --; and a lift chain pulley is rotably mounted to the mid rail member and positioned completely forward of the forward flange on the top rail member-- has been inserted after "member".

Claim 12 has been canceled.

In claim 13:

Line 1, "claim 11" has been changed to --"claim 12"--.

The following is an examiner's statement of reasons for allowance:

Amended claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including *a pair of lift chain pulleys, one mounted to the upper end of each mid rail member and each being disposed completely forward of the top rail members of the inner telescopic section.*

Amended claim 11 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including *a lift chain pulley rotatably mounted to the mid rail member and positioned completely forward of the forward flange of the top rail member.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
